

# WHARTON COUNTY PERMIT & INSPECTION DEPT.

Effective September 1, 2002, a complete site evaluation shall be performed by either a licensed site evaluator or a professional engineer on every tract of land where an on-site sewage facility will be installed. The information obtained during the site evaluation shall be used to determine the type and size of the OSSF. This office does not recommend any person over the other, and any person with the proper credentials may perform the evaluation and do the design. This list is for your convenience only.
